PROFILE

Self-taught, determined, passionate and hardworking individual with underlying self-motivation and experience in Mobile Application Development, Website Development and Game Development with the ability to grasp new concepts quickly and efficiently. Worked as a freelancer and founded Hv Technologies in 2017 at the age of 18 and started developing apps and games.

PROJECTS

➢ LEARNSHALA

An Online E-Learning Platform for students which contains core computer science subjects and all the content related to them like interview questions, mcq, theory, study material as well as some hand-picked questions for quizzes.

➢ STUGENT APP

An App that helps tuition centers, schools and colleges mark and monitor their student's attendance and marks as well as Upload Assignments and Notices for their students.

➢ GAMES

Developed some interesting games in Unity3D based on my original ideas and concepts for android devices and uploaded under the name of my company Hv Technologies.

➢ OTHER APPS & WEBSITES

Developed some simple ideas into apps like money management app, chat app, Notes and task app, playschool app, dairy help app, doctor app and many more.

EXPERIENCE

➢ FULL-STACK DEVELOPER

Hv Technologies, U.P / November 2017 to Present

- Developed an E-Learning Platform using flutter and provided overall leadership to the entire project team.
- Worked as a solo game developer and developed and deployed many original titles.
- Developed a student management app for tuition centers, schools and colleges with automated system for messages and notifications and rented it to many tuition centers.
- Worked as a freelancer and improved performance of many websites.

EDUCATION

➢ X - CBSE BOARD (2015) - 8.8 CGPA

The Khaitan School, Sector - 40, Noida, U.P.

➢ XII - CBSE BOARD (2017) - 88%

The Khaitan School, Sector - 40, Noida, U.P.

➢ B.Tech - Computer Science (2017-2021)

Sharda University, Greater Noida, U.P.
